

CHAMPION BAYONET CONNECTION SYSTEM THE OE STANDARD FOR FLAT BLADES

Federal-Mogul's Pace award winning innovative bayonet connection has achieved widespread use among leading vehicle manufacturers.

This technology has emerged as the industry standard for flat blade connection systems. It provides rapid, cost-effective and simple wiper blade replacement and is featured on more than 20 vehicle platforms worldwide.

- Connects flat blade arm quickly and easily
- No sideways movement
- Efficient wiping action for better visibility
- Easy to replace
- Unique Federal-Mogul designed technology used in OE by leading car manufacturers

Chosen as Original Equipment by vehicle manufacturers worldwide

Champion is chosen as Original Equipment by many leading vehicle manufacturers. Champion OE technology spans flat blades, standard blades and the latest hybrid applications.
