

# German Excellence in the Asian Aftercare Market

“ only parts from original equipment manufactures or in OEM quality ”

Workshops want quality, fast delivery and good service. We have aligned ourselves precisely with these principles and thereby laid the foundations for your economic success.

In our Jakoparts ranges for Asian vehicle spare parts, you will only find parts from original equipment manufactures or in OEM quality. Regardless of which spare parts you need: Herth+Buss spare parts fit precisely, conform to standards and are manufactured with the utmost care. Our product ranges are continually expanded.

What's more: Herth+Buss will also be the first supplier where you will find specific vehicle electrics for cars and commercial vehicles or spare parts for Asian vehicles in the future. That's a promise!
